

Highlights of Public Outreach – 2018/19

CIB is making significant effort to engage stakeholders, in both the public and private sectors. In the fiscal year from April 2018 to March 2019, the CIB has done 85 public speaking events to raise awareness about its role and to build partnerships with public sector sponsors and private sector investors.

Presentations at conferences and industry forums have reached more than 10,000 business and public infrastructure leaders.

The CIB has also appeared before Senate and Parliamentary Committees.

The CIB will continue to pursue opportunities to raise awareness, show transparency, and build towards investments by cooperating with partners.

Some of the groups and organizations we've engaged include:

[Infrastructure Council](#)
